Flat 86 Old Mill, 19 Brown Street , Dundee, UK, DD1 5EF.

EDUCATION

University of Dundee

Dundee, UK

Bachelor of Science (B.S.) in Computing Science, expected graduation date Oct 2024

2020 – Oct 2024

●Honours Project: Using Django, CSS, Flask, and Python to implement user-centric design principles and elevate the overall usability and functionality of the site Ask My Class.

WORK EXPERIENCE AND EXTRACURRICULAR ACTIVITIES

H.O.T

Remote, UK

Software Developer

January 2024 – present

●I develop and maintain the customer advertisement platform helping customers manage their adverts on the app.
●Leveraging React, Typescript, Firebase, Tailwind and Node.js to create API's allowing integration with main app.

University of Dundee (Part-Time)

Dundee, UK

i)Tutor - Software Engineering

January 2024 – Present

●In collaboration with the module lead, I guide students in system design concepts through lab tutorials, fostering hands-on learning experiences.

ii)Tutor - multi-paradigm programming

September 2023 – December 2023

●Fostered a supportive learning environment for 59 students, contributing positively to their academic progress.
●Worked with team members to improve the module's learning experience. Developed extensive, user-friendly documentation for various operating systems, enabling students to get started quickly on their preferred platform.

Afrobeats Night Club Dundee

Dundee, UK

Web Developer and Marketing Assistant

July 2023 – November 2023

●Utilized MongoDB, Next.js, React, Tailwind CSS and JavaScript to enhance visuals and navigations of the club's website [view here](#), delivering dynamic content with UX in mind to boost customer engagement and conversion.

Oxford International Education Group

Remote, UK

OEG International Student Ambassador

January 2021 – May 2022

●Effectively guided prospects through online University application process. Resulted in a significant increase in positive feedback for OIEG-affiliated universities.

Personal Portfolio

MAMBA.SH

September 2023 – present

●Developed an interactive personal portfolio [view here](#), showcasing skills and projects. Leveraged React with TypeScript, Next.js, MongoDB, and Tailwind CSS for a responsive and visually appealing UI.

LEADERSHIP AND VOLUNTEER EXPERIENCE

Macheo Children's Home, Thika

Nairobi, Kenya

Fundraising and Volunteer Initiative

October 2018

●Spearheaded a unique initiative to support Macheo Children's Home. Established a pastry, a barber and a shoe sewing shop within the school premises. Raised over \$500 for the Macheo Children's Home.

Safaricom Foundation

Nairobi, Kenya

Healthcare Outreach Volunteer

December 2016 – February 2018

●Focused on bringing healthcare to remote Kenyan villages where access to hospitals is limited. With at least 1000 attendees in each of the field days, my role involved assisting patients with special focus on individuals with disabilities and the elderly ensuring their smooth navigation within Safaricom Foundation Camps.

Brackenhurst Hotel and Conference Centre

Tigoni, Limuru

Brackenhurst Forest Day Volunteer

March 2016

●Planted 5000 trees in a single day, contributing to environmental sustainability and community well-being.
